*Executive Director*

**Thomas N. Edmonds**  
*Of Counsel*

February 4, 2014

The Honorable Kurt Heise  
State Representative  
State Capitol  
Lansing, Michigan 48909

Dear Chairman Heise and Criminal Justice Committee Members:

Please consider this a letter of strong support of HB 5088. We believe that Methamphetamine is a current and present danger that threatens to undermine our safe communities and that must be defeated. Pseudoephedrine is the main precursor chemical in the production of methamphetamine. Therefore, control and monitoring of pseudoephedrine is the best way to combat this hideous and devastating drug.

We support the concepts of HB 5088 as solid steps in controlling the illegal use of pseudoephedrine in the manufacture of Methamphetamine. We respectfully request the committee's consideration and support of this bill.

Sincerely,

  
**Terrence L. Jungel**  
Executive Director  
Michigan Sheriffs Association
